

# WEBINAR

## JOIN STUDENT HEALTH CLINIC - DEPARTMENT OF STUDENT COUNSELLING AND HEALTH

### WORLD HEALTH DAY

Building a fairer, healthier world

**07 APRIL 2021 \* 13H00 – 14H30 \* MS TEAMS**

The COVID-19 pandemic has undercut recent health gains, pushed more people into poverty and food insecurity, and amplified gender, social and health inequities.

This [World Health Day](#), we are calling for action to eliminate health inequities, as part of a yearlong global campaign to bring people together to build a fairer, healthier world. This Webinar highlights W.H.O's constitutional principle that "the enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being without distinction of race, religion, and political belief, economic or social condition."

**DATE: 07 APRIL 2021**
