## **Vaccine Hesitancy Training**

Dear staff and students

Do you have questions about the COVID-19 vaccine or about vaccines in general? Are you not sure if you want to get vaccinated? Would you like to know more about the effects of COVID-19 on our bodies? If you have questions about COVID-19 and the vaccines, you are cordially invited to a webinar presented by the COVID-19 Response Task Team's Education and Training unit as follows:

**Date: Friday 9 July 2021**

**Time: 10h00 - 11h30**

**Method: MS Teams**

**Presenters: Dr Moses Olusegun and Mrs Shamila Moonsamy**

**Topic: Natural Immunity vs Acquired Vaccine Immunity: How they protect us against COVID-19 ... in layperson's terms**

Join this information sharing session and have your burning questions answered.

One topical question to be answered in this session is: Which provides better protection against catching COVID-19: previous infection or vaccination? You will also learn some of the basic biology of infection and immunity, as well as the truth behind the myths and misconceptions around vaccination. The presenters will also share the latest about the new COVID-19 Delta variant, about viral mutation and virus transmissibility. Questions will be welcome.

Make sure you don't miss this informative session by clicking on the following link:
