

JOIN US FOR THE OPENING ADDRESS OF THE *SAVE THE SOIL MOVEMENT AT DUT*

DATE: 22 APRIL 2022
TIME: 12H00 TO 13H00
VENUE: MS TEAMS
TOPIC: #SAVE THE SOIL (A HOLISTIC SOLUTION)
SPEAKER: SEOWA GIVEN MALEKA

Everyone knows about climate change, the weather, pollution but what about the soil? The very aspect that affects food security not just for humans but All Life?

No solution is complete until we become conscious that life is one single complex phenomenon, all of which is happening in unison. In many ways, Soil is the underlying platform upon which life springs forth. If we fix soil, we have the best chance of fixing the whole.

For queries contact Ms Nirupa Kemraj – Kemrajn@dut.ac.za
